Dear Dan,

On behalf of the Canadian Orthopaedic Association, the Local Arrangements Committee, and the Executive, I would like to thank you very much for the wonderful evening you and your band provided us at the Vancouver Aquarium, on Friday, June 19, 2015.

The coordination of our event went very smoothly, I appreciate that you were on top of communications with me from the start, and that you were so willing to work closely with our event coordinator, Elise Schoeller, at the venue, the Vancouver Aquarium.

I would also like to call attention to the fact that the band was well able to gauge the mood of the group throughout the evening and played appropriate music. For example, when the guests were eating and chatting, the music was more of a background sound, and as the guests were finishing up, and the dancing got started, you and your band were able to keep the dance floor full to the very end!

We were also very pleased that the band members were dressed appropriately for a surgeon based gala, behaved accordingly- and even made sure to sing Happy Birthday to our boss who was celebrating his 60th that evening!

I would like to personally thank you, Dan, for making it so easy to work with the BobCats, especially from across the country. I felt that you were very professional, quick to reply and follow up, and happy to take the reins on a site visit when I could not come out to BC to accompany you to the venue.

Thank you, we really did have a wonderful evening, it was fun and the music was great. We danced and sang along until our feet hurt and our voices were gone.

Very best regards,

M. Corbeil
